SUMMARY

Software Engineer with professional experience building scalable web applications, including telecom platforms. Passionate about solving complex problems through innovative and efficient solutions.

WORK EXPERIENCE

Front-End Developer, LAUNCH WORKZ (B2B with TeleShield)

Mar 2025 – Present | Remote

TeleShield is a Telecom Expense Management (TEM) leader with 30+ years of experience, helping enterprises and mid-market businesses simplify, optimize, and gain real-time visibility into telecom orders, inventory, invoices, and expenses.

- Developed and maintained enterprise dashboards, web applications, and internal systems using Next.js, React, TypeScript, and Tailwind CSS, delivering scalable, reliable frontends.
- Containerized apps with Docker for smoother deployment and collaboration.
- Designed responsive UIs ensuring cross-device compatibility and usability for enterprise clients.
- Worked in agile teams, delivering features on time and boosting productivity through documentation and task tracking.

Front-End Developer (Contract-Based), NUMU

Jan 2025 – Jun 2025 | Remote

Numu is an educational platform for the UAE Ministry of Education to manage schools, teachers, experts, classes, materials, and facilities.

- Built a scalable admin dashboard powered by React, Apollo Client (GraphQL), Redux, and Tailwind CSS, providing real-time statistics and centralized management of teachers, experts, materials, schools, and classrooms.
- Implemented AWS S3 file upload & management with integrated video streaming (plyr-react), enabling schools to store, access, and deliver educational content easily.
- Handled large data tables with efficient filtering, sorting, and searching for administrators.
- Integrated localization (Arabic & English) and Firebase Cloud Messaging for real-time multilingual notifications.
- Implemented secure auth with server cookies and refresh tokens for reliable session management.

Front-End Developer, Galaxy Spies

May 2024 – Mar 2025 | Baniseuf, Egypt

- Developed and maintained web applications using React.js, ensuring optimal performance and responsiveness.
- Collaborated with cross-functional teams including ui designers, backend developers, and product managers to deliver high-quality features and improvements.
- Wrote clean, modular, and reusable code, adhering to best practices and coding standards.

SKILLS

HTML5 | CSS3 | JavaScript/ES6 | React.js | Next.js | Redux | Typescript | Tailwind | Bootstrap | Git | Docker | Linux | Node.js | Express.js | RESTful APIs | GraphQL | MongoDB

INTERNSHIP

Full-Stack Developer (MERN) 🌐

Nov 2023 – Mar 2024 | Baniseuf, Egypt

Information Technology Institute (ITI)

Full-Stack Web Developer 🌐, FWD

Aug 2020 – Oct 2020

EDUCATION

New Cairo Academy 🌐, Bachelor of Computer Science

Sep 2019 – Jul 2023 | Cairo, Egypt

Management Information System Department with GPA: 3.54
